Executive Director/CEO

# CITY OF FERGUSON

MISSOURI 63135

December 13, 2016

To the Honorable Mayor, Members of the City Council,  
and Citizens of the City of Ferguson, Missouri:

State law and local ordinances require that all general-purpose local governments publish a complete set of financial statements presented in conformance with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Ferguson, Missouri for the fiscal year ended June 30, 2016. This year's comprehensive annual financial report (CAFR) is the tenth year that the City has presented its financial statements under the reporting model required by Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. The format and the purpose of these changes are addressed in Management's Discussion and Analysis (MD&A).

This report consists of management's representations concerning the finances of the City of Ferguson, Missouri. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various activities of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The City of Ferguson, Missouri's financial statements have been audited by Botz, Deal & Co., P.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the City of Ferguson, Missouri, for the year ended June 30, 2016, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall basic financial statement presentation. The independent auditor concluded, based upon their audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Ferguson, Missouri's financial statements for the fiscal year ended June 30, 2016, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of MD&A. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Ferguson, Missouri's MD&A can be found immediately following the Independent Auditors' Report.

### THE FINANCIAL REPORTING ENTITY

The City of Ferguson, Missouri, initially incorporated in 1894, is a suburban community located in North St. Louis County between two major interstate highways. Since 1954, the City has operated under the Council-Manager form of government. Policy-making and legislative authority are vested in a governing council consisting of the Mayor and six City Council Members. The City Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and hiring the City Manager, City Clerk, and appointing the Municipal Judge. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations of the City and appointing the heads of the various departments. The City Council is elected on a non-partisan basis. Council members serve three-year staggered terms, with three Council members elected in each of two years. The Mayor is elected, at large, to serve a three-year term, in the third year of the three-year cycle.

The City of Ferguson, Missouri provides a full range of municipal services. These services include legislative, administrative, judicial, police and fire protection, street maintenance and improvements, planning and zoning, public improvements, cultural and recreational services.

The Ferguson Special Business District (FSBD) is a political subdivision created by ordinance to maintain and improve the City's downtown business district and is included as a special revenue fund. The Ferguson Neighborhood Improvement Program (FNIP) is a not-for-profit corporation. It was established to assist in the rehabilitation and restoration of housing and residential properties in the City. The FNIP Board of Directors is appointed by the City Council. However, the City cannot "impose its will" on FNIP. It is not a component unit. Complete financial statements of FNIP may be obtained from their administrative offices at 110 Church Street, Ferguson, Missouri 63135.

### ECONOMIC CONDITION AND OUTLOOK

The City of Ferguson, Missouri, occupies a land area of about 7 square miles and serves a population of 21,059 residents, who are ideally located to commute to employment in downtown St. Louis or to any of the many nearby commercial areas. The world headquarters of Emerson Electric is located within the City.

The City of Ferguson is a mature city that has experienced considerable commercial and residential growth in past years. However, City development has slowed in recent years as the City has limited space for commercial growth. However, the Downtown Business District still has great potential in offering additional business growth, goods and services and sales tax revenues. Commercial redevelopment can produce some of the additional revenues necessary to address resident concerns, such as infrastructure needs and quality services.

The City has two main retail bases, North County Festival and the Crossings at Halls Ferry. North County Festival includes Wal-Mart, Sam's Club, Toys 'R Us and a variety of smaller stores, while the Crossings at Halls Ferry is anchored by Home Depot and Shop 'n Save, with many other smaller stores. A number of restaurants are also located in the area.

Efforts are well underway to redevelop the City's historic downtown business district. A pay-as-you-go Tax Increment Financing (TIF) district was established in September, 2002 to assist with redevelopment of the downtown business district. TIF assistance is useful in attracting major development as well as assisting local business owners with improvements to new or existing businesses.

A joint redevelopment effort by St. Louis County and the Cities of Ferguson, Berkeley, and Kinloch is in the process of transforming over 600 acres of vacant property adjacent to Lambert International Airport into a major industrial park. The project is planned to include medium and low rise industrial, commercial and office uses. It is projected to create up to 12,000 jobs over a period of 20 years and have a cumulative, regional economic impact of at least \$7 billion. Although only a small portion of the redevelopment area lies within Ferguson, the economic benefits created by the new jobs and the increased business traffic are expected to be significant. The development is already home to Express Scripts, Staples, Vatterott College and a Hilton Garden Inn.

## FINANCIAL CONTROLS

Management of the City is responsible for establishing and maintaining an internal control framework that is designed to protect the City's assets from loss, theft, or misuse. City management must also ensure that adequate accounting data is compiled to allow for the preparation of accurate financial statements in conformance with generally accepted accounting principles. Because the cost of internal controls should not outweigh their benefits, the City of Ferguson, Missouri's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statement will be free from material misstatement.

Accounting records for the City's general governmental operations are maintained on a modified accrual basis. As such, revenues are recorded when measurable and available, and expenditures are recorded when the liability is incurred.

The annual operating budget serves as the foundation for the City of Ferguson, Missouri's financial planning and control. All departments of the City of Ferguson are required to submit requests for appropriation to the Director of Finance each year. The Director of Finance uses these requests as the starting point for development of a proposed budget. After review, the City Manager then presents this proposed budget to the City Council for review. The City Council is required to hold a public hearing on the proposed budget and to adopt a final budget no later than June 30<sup>th</sup>, the close of the City of Ferguson's fiscal year. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., police). The City Manager may make transfers of appropriations within a department. Transfers of appropriations between departments, however, require the approval of the City Council.

All governmental funds are appropriated. The single exception to this statement is the North Park Redevelopment TIF Fund (North Park) which earns less than \$500 per year in revenue and has no expenditures. Budget-to-actual comparisons are provided in this report for each individual governmental fund. For the General Fund and Parks Fund, this comparison is presented as required supplementary information. For all other governmental funds, except North Park, final budget-to-actual comparisons are found in other supplementary information. Budgets are prepared on a basis consistent with GAAP.

Single Audit - As a recipient of federal, state and county financial assistance, the City is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. These internal controls are subject to periodic evaluation by the City's management and staff. In years when Federal grant receipts exceed \$750,000, the City is required to undergo an audit in conformity with the provisions of the Single Audit Act as amended in 1996 and the United States Office of Management and Budget Circular A-133. For the fiscal years ended June 30, 2016, the City did not meet the minimum threshold of the Single Audit Act. Accordingly, an audit was not performed.

Capital Projects - It is a priority of the City to maintain and improve existing infrastructure. A vital element for managing both of these priorities is the development and maintenance of the City's infrastructure through capital improvements. The management of the City's Capital Improvements Program is controlled through the use of a long-range plan approved in concept by the Mayor and City Council. The Capital Improvement Program projects the City's capital improvement needs for a five-year period and is reviewed and updated annually. The management and accounting of this plan is controlled through the use of capital project funds. The primary sources of financing for these improvements include capital improvement sales tax, park sales taxes, City budgeted funds, tax increment financing and revenue from federal, state and county grants.

## OTHER INFORMATION

Cash Management Policies and Practices - Temporarily idle cash in the governmental funds during the year was invested in certificates of deposit obligations of the U.S. Treasury and other US Agencies. The maturities of the investments range from overnight to up to ten years. The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, all of the City's deposits were either insured by federal depository insurance or collateralized. All collateral on deposits was held either by the City's agent, the Federal Reserve Bank, or a financial institution's trust department in the City's name.

Risk Management - The City is a member of the St. Louis Area Insurance Trust (SLAIT), a public entity risk pool comprised of various municipalities in St. Louis County, Missouri. This pool covers workers' compensation and liability exposures. The purpose of this pool is to share the cost of self-insurance with other similar, professionally managed cities. The Daniel & Henry Company provides claims administration for the trust. The City is provided liability coverage by Missouri Public Entity Risk Management Fund (MOPERM). Additional information on the City of Ferguson, Missouri's risk management activity can be found in the notes to the financial statements.

Debt Administration - At year end, the City had four debt issues outstanding. These issues and original issue amounts include (1) \$2,960,000 in certificates of participation related to the City's capital lease obligation for the construction of the *Splash at Wabash* aquatic facility, which were defeased in April 2012 and refinanced in the amount of \$2,065,000, (2) \$6,185,000 in TIF revenue bonds related to the Crossings at Halls Ferry redevelopment project, (3) \$5,000,000 in variable rate bonds for infrastructure improvements, (4) \$8,000,000 in general obligation bonds related to land purchase and construction of a replacement of Firehouse 1, and (5) \$9,500,000 in certificates of participation bonds issued to purchase land and remodel existing buildings. In addition, at year end, the City had two capital lease obligations outstanding. The first of these is for the lease of two fire trucks with an original issue cost of \$1,172,000. The second has an original issue cost of \$1,086,136 for the acquisition and installation of energy saving equipment (HVAC and street lighting). Under the terms of each lease agreement, it is the City's intent to purchase the leased assets at the end of the lease term.

Pension - The City of Ferguson sponsors a single-employer defined benefit pension plan (the Plan) for substantially all full-time employees. Plan governance is the responsibility of an independent Pension Board. Each year, an independent actuary, engaged by the Pension Board, calculates the amount of the annual contribution the City must make to the pension plan to ensure the plan will be able to fully meet its obligations to retired employees on a timely basis. As a matter of policy, the City fully funds each year's annual required plan contribution. In each of the last five fiscal years, the City has made its actuarially required payments.

Additional information on the City of Ferguson, Missouri's pension arrangements can be found in the notes to the financial statements and the City's website ([www.fergusoncity.com](http://www.fergusoncity.com)).

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (Certificate of Achievement) to the City of Ferguson, Missouri for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2015. This was the thirtieth consecutive year the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both U.S. generally accepted accounting principles and applicable legal requirements.

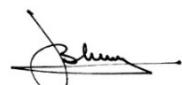

A Certificate of Achievement is valid for a period of one year. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we will submit it for GFOA certification.

The preparation of this report would not have been possible without the dedicated service of the entire staff of the finance department and various other departments of the City. An expression of gratitude is also extended to the Mayor and the City Council for their leadership and on-going concern for the financial well-being of the City. Finally, we would like to acknowledge the assistance of our independent auditors, Botz, Deal & Company, P.C. Their assistance and recommendations, both in the preparation of this report, as well as their consultations and interim reviews, are sincerely appreciated.

Respectfully submitted,

De'Carlon E. Seewood  
City Manager

Jeffrey B. Blume  
Director of Finance

## INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members of  
the City Council of the  
**CITY OF FERGUSON, MISSOURI**

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Ferguson, Missouri, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Ferguson, Missouri, as of June 30, 2016, and the respective changes in the financial position and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis budgetary comparison information, schedule of changes in net pension liability and investment returns, schedule of employer contributions, schedule of funding status and progress-other post-employment benefits, and on pages 3 through 11 and 49 through 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City of Ferguson, Missouri's basic financial statements. The introductory section, other supplemental information, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements and the budgetary comparison schedules included in the supplemental information section are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the budgetary comparison schedules is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## **CITY OF FERGUSON, MISSOURI**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**JUNE 30, 2016**

---

As management of the City of Ferguson, Missouri (the “City”), we offer readers of the City's financial statements, this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information we have furnished in our letter of transmittal, which can be found within this report.

#### **Financial Highlights**

- On a government-wide basis, at the end of the current fiscal year, the City's assets and deferred outflows exceeded its liabilities and deferred inflows by \$26,554,573. This represents a decrease of \$3,022,157 from operations for the fiscal year ended June 30, 2016.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$8,335,170. This represents a decrease of \$4,333,852 in comparison to the prior year.
- The City's long-term debt decreased by \$2,329,576 during the current fiscal year to \$19,577,645.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplemental information, other supplemental information, and statistical information in addition to the basic financial statements.

#### **Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. Note that the government-wide financial statements exclude fiduciary fund activities.

The *statement of net position* presents information on all of the City's assets, deferred outflows, liabilities and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

## **CITY OF FERGUSON, MISSOURI**

### **Management's Discussion and Analysis (continued)**

---

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, community development, and culture and recreation. The City does not have any business-type activities.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Ferguson, Missouri, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Ferguson, Missouri can be divided into two categories: governmental funds and fiduciary funds.

***Governmental funds.*** Governmental funds are used to account for essentially the same function reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and the government-wide governmental activities.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Parks Fund and Capital Improvements Sales Tax Fund all of which are considered major funds. Data from the other governmental funds are combined into a single, aggregated presentation called "other non-major funds." Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the other supplementary information section of this report.

The City adopts an annual appropriated budget for its General Fund, Parks [Special Revenue] Fund, Capital Improvements Sales Tax [Capital Projects] Fund, Halls Ferry TIF Bonds [Debt Service] Fund, Special Business District [Special Revenue] Fund, Sewer Lateral [Special Revenue] Fund, Downtown TIF Redevelopment [Special Revenue] Fund, North Park Redevelopment [Capital Projects] Fund, Certificates of Participation [Debt Service] Fund, and General Obligation Bonds [Debt Service] Fund. Budgetary comparison schedules have been provided for all budgeted funds to demonstrate legal compliance with the respective adopted budget.

## **CITY OF FERGUSON, MISSOURI**

### Management's Discussion and Analysis (continued)

---

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City of Ferguson, Missouri's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Required Supplemental Information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplemental information*.

#### **Other Supplemental Information**

The combining and individual fund statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplemental information.

#### **Government-Wide Financial Analysis - Financial Analysis of the City as a Whole**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$26,554,573 at June 30, 2016.

The largest portion of the City's net position reflects its investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Statement of Net Position Governmental Activities		
	2016	2015
<b>Assets</b>		
Current and other assets	\$ 11,223,238	\$ 16,440,096
Capital assets, net	36,027,335	36,493,745
<b>Total Assets</b>	<u>47,250,573</u>	<u>52,933,841</u>
<b>Deferred Outflows</b>	<u>2,402,507</u>	<u>701,769</u>
<b>Liabilities</b>		
Other liabilities	2,569,647	1,776,085
Long-term liabilities	19,577,645	21,907,221
<b>Total Liabilities</b>	<u>22,147,292</u>	<u>23,683,306</u>
<b>Deferred Inflows</b>	<u>951,215</u>	<u>375,574</u>
<b>Net Position</b>		
Net investment in capital assets	17,532,442	17,034,039
Restricted	4,487,602	5,889,626
Unrestricted	4,534,529	6,653,065
<b>Total Net Position</b>	<u>\$ 26,554,573</u>	<u>\$ 29,576,730</u>

## **CITY OF FERGUSON, MISSOURI**

### **Management's Discussion and Analysis (continued)**

---

#### **Governmental Activities**

On a government - wide basis, governmental activities resulted in the City's net position decreasing by \$3,022,157. This is \$972,024 larger than the \$2,050,133 decrease in net position in Fiscal Year 2015. All things being equal, the City anticipated a neutral change in net position in this Fiscal Year 2016.

As disclosed in prior year's financial statements, in August 2014, one of the City's police officers was involved in a use of deadly force incident which resulted in the death of an individual. This event precipitated civil unrest. The response to the unrest, as well as other related matters, resulted in significant, continued expenditures and lost revenues.

The table on the following page and the following narrative illustrate key elements of the decrease in net position as a result of governmental activities.

- Charges for services continues to erode. As a result of civil unrest, the City's uniformed police officers have been understaffed continuously since the August 2014 event. This led to a substantial decrease in time available for traffic enforcement and a corresponding decrease in the number of citations written. Total public safety related revenues decreased about \$452,000 in Fiscal Year 2016.
- Changes related to gross receipts taxes decreased about \$193,000 to \$2,214,000 in fiscal year 2016. This erosion is from all sources but particularly telecommunications providers. The decrease is related to maturation of the industry as well as changing billing practices.
- With respect to taxes, government-wide,
  - Sales tax collections have continued to erode, decreasing about \$49,000 to \$6,458,000 in Fiscal Year 2016 relative to those of the prior year. Some of this is due to the softening economy in the later part of the fiscal year.
  - Property tax collections decreased about \$566,000 to \$2,346,000 in Fiscal Year 2016. There are three reasons for this. First, the General Obligation Bond Debt Fund tax levy rate was adjusted to produce tax collections substantially equal to debt service. This resulted in a decrease in collections of about \$125,000. Second, the Saint Louis County Assessor's office reduced property values in the City's West Florissant Avenue business corridor and it's Downtown TIF District. In fact, in the Downtown TIF District, property values were decreased below those in place at the inception of the district in 2002. This action in this area resulted in reduced tax collections of about \$170,000. Finally, the balance in reduced collections is resultant of the aforementioned actions of the Saint Louis County Assessor's Office as well as general property value erosion in North Saint Louis County.

## CITY OF FERGUSON, MISSOURI

### Management's Discussion and Analysis (continued)

---

- Capital grants and contributions increased about \$630,000 in fiscal year 2016. This resulted primarily from two events. First, the City's Parks Fund vies for grants from municipal pool of available grant funds. The City was unsuccessful in obtaining grants in the prior fiscal year, in the current fiscal year, grant reimbursements were about \$224,000. The balance was substantially from grant reimbursements from various U.S. Department of Transportation Surface Transportation Projects.

<b>Statement of Net Position Governmental Activities</b>					
	<b>2016</b>		<b>2015</b>		<b>Difference</b>

### Financial Analysis of the City of Ferguson, Missouri's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### Governmental Funds

The focus of the City's governmental funds is to provide information on inflows, outflows, and balances of available spendable resources. Such information may be useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

## **CITY OF FERGUSON, MISSOURI**

### **Management's Discussion and Analysis (continued)**

---

The General Fund is the main operating fund of the City. At June 30, 2016, the unassigned fund balance of the General Fund was \$3,206,711 and the total fund balance was \$3,593,202. The difference of \$386,491 represents non-spendable fund balance (prepaid items and inventory). As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 25% of total General Fund expenditures of \$13,032,451 as compared to 41% in Fiscal Year 2015.

This is the third consecutive year of declining fund balance in the General Fund. The Fiscal Year 2014 decrease of \$2,302,363 was substantially the result of a transfer of about \$2,050,000 to the Capital Improvements Sales Tax Fund to provide construction funds for the City's two renovation projects which eventually cost more than amounts anticipated and borrowed in the Certificates of Participation Series 2013 issue.

The Fiscal Year 2015 decrease in fund balance of \$2,306,072 is better than the City had forecasted as part of its Fiscal Year 2016 budget process of \$2,621,000. It resulted from incident related revenue erosion and higher incident related operating costs.

The Fiscal Year 2016 decrease in fund balance is about \$2.3 million. While expense cutting has successfully reduced expenses about \$1.0 million, unanticipated revenue erosion has resulted in decreased revenues of almost \$900,000. This inherent, institutionalized deficiency has caused the creation of a Fiscal Year 2017 budget containing about a 25% reduction in force along with increased tax revenues.

Significant changes in other fund's fund balances are as follows:

- With respect to the Parks Special Revenue Fund, its \$304,800 decrease in fund balance in Fiscal Year 2016 is the result of two factors. First, the Fund continues to operate its Community Center at a deficit of about \$100,000 per year. Second, in Fiscal Year 2016 a number of critical infrastructure capital expenditures were made.
- With respect to the Capital Improvements Sales Tax Capital Projects Fund, its \$461,301 decrease in fund balance in Fiscal Year 2016 is the result of completing projects begun in earlier fiscal years. Revenues for those projects were received in prior years.
- With respect to the Halls Ferry TIF Debt Service Fund, its decrease in fund balance To \$0 in Fiscal Year 2016 is the result of recognizing only sufficient revenues and collections necessary to meet debt service and ancillary costs. Final debt service was made in October 2015.
- With respect to the Sewer Lateral Special Revenue Fund, its increase in fund balance of \$102,058 in Fiscal Year 2016 is the result of annual collections continuing to exceed expenses.

## **CITY OF FERGUSON, MISSOURI**

### Management's Discussion and Analysis (continued)

---

- With respect to the Downtown TIF Redevelopment Special Revenue Fund, its decrease in fund balance of \$563,563 in Fiscal Year 2016 is the result of two factors. First, as previously mentioned, as a direct result of actions of the Saint Louis County Assessor's Office, PILOT property tax revenues were reduced by about \$170,000. Second, in Fiscal Year 2015, the Fund was committed to support a redevelopment project estimated to cost about \$464,000 in Fiscal Year 2016.

#### Fiduciary Funds

The City maintains trust and agency funds to account for monies received and held for the benefit of others for the following purposes:

- Assets of the Pension Plan accumulated to provide benefits for all vested participants.
- Bond deposits held to ensure a defendant's appearance in court.

#### Capital Assets

The City has invested \$36,027,335, net of depreciation, in a broad range of capital assets as of June 30, 2016. This investment in capital assets is summarized as follows.

	<b>Capital Assets, Net of Depreciation</b>	
	<b>2016</b>	<b>2015</b>
Land	\$ 3,836,842	\$ 3,836,842
Construction in progress	790,155	196,781
Buildings and other improvements	22,601,946	23,456,064
Machinery and equipment	345,243	513,434
Motor vehicles	2,219,649	2,117,108
Infrastructure	6,233,500	6,373,516
<b>Total</b>	<b>\$ 36,027,335</b>	<b>\$ 36,493,745</b>

Additional information regarding the City's capital assets may be found in Note 5 of the Notes to Financial Statements.

#### Long-Term Debt

The City's outstanding long-term debt obligations for governmental activities decreased by slightly less than \$2,330,000 to \$19,577,645 at June 30, 2016 compared to \$21,907,221 at June 30, 2015. The net decrease in the City's long-term debt obligations is solely the result of debt service payments.

## **CITY OF FERGUSON, MISSOURI**

### **Management's Discussion and Analysis (continued)**

---

The following summarizes the City's governmental activities debt:

	<b>Outstanding Long-Term Debt Obligations</b>	
	<b>2016</b>	<b>2015</b>
Tax Increment Revenue Bonds, Series 2005	\$ -	\$ 800,000
Variable Rate Capital Improvement Bonds 2005	2,024,950	2,429,950
Certificates of Participation, Series 2012	1,275,000	1,475,000
Certificates of Participation, Series 2013	7,985,000	8,360,000
General Obligation Bonds, Series 2011	6,325,000	6,670,000
Capital leases	1,210,220	1,406,229
<b>Total</b>	<b>\$ 18,820,170</b>	<b>\$ 21,141,179</b>

Additional information regarding the City's long-term debt may be found in Note 6 of the Notes to Financial Statements.

### **Significant Variances between Final Budgets and Actual**

The following represent the most significant variances between final budget and actual results for the City's General Fund revenues and expenses –

- At \$7,381,989, tax revenues fell short of Final Budget of \$7,603,700 by \$221,711. There are two reason for this difference. First, sales tax receipts have tended to increase in the latter two to three months of the fiscal year. This rise did not materialize at the end of Fiscal Year 2016, resulting in a revenue short fall of about \$105,000. Second, utility gross receipts tax receipts fall short of \$2,175,000 of final budget by \$123,000. Receipts from all utilities (gas, electric, water and telecommunications) all fell short.
- Actual City-wide expenses of \$864,268 exceeded final budget of \$842,600 by \$21,668. This was due entirely to higher than anticipated consent decree negotiation related attorney's fees.
- Those areas where actual expenses fell below final budget were to a large degree areas were either or both the following apply: (1) consumables or out-of-pocket costs were more controllable and, or discretionary and, or (2) attritive, voluntary personnel reductions occurred earlier than anticipated and were not replaced.

### **Economic Factors and Next Year's Budget**

As mentioned in last year's report and elsewhere in this report, in August 2014, one of the City's police officers was involved in a use of deadly force incident which resulted in the death of an individual. This incident initially and, to this day, continues to precipitate numerous events and activities. One of those was a report by the United States Department of Justice – Civil Rights Division. This led to a consent decree negotiation.

## **CITY OF FERGUSON, MISSOURI**

### Management's Discussion and Analysis (continued)

---

At this juncture, the City has in place a signed consent decree with the DOJ. Further, it has appointed a monitor to supervise its compliance with its implementation of that consent decree. Relative to this endeavor and going forward, to a large degree, these implementation costs are fixed and known.

On June 28, 2016, the City's Mayor and Council unanimously passed a budget for Fiscal Year 2017. Most important, within this budget, the city's General Fund budget is balanced. Budgetarily, for the first time since Fiscal Year 2013 the City is anticipating this fund's ending fund balance to increase. While difficult and making a number of critical assumptions, this balanced budget is achievable.

In August 2016, the voters of the City of Ferguson passed Proposition U. The proposition authorized the tax levy rate on utility gross receipts be increased from 6% to 8%. This 33% increase should generate between \$600,000 and \$700,000 of additional revenue. Application of this new rate is effective October 1, 2016. Receipt of revenues should begin in December 2016. Principally, additional gross receipts tax revenues will be used to add approximately eight public safety personnel who were or were planned to be laid off.

When viewed together, these developments (1) a future legal environment that is more certain (2) a balanced budget and (3) additional of public safety resources are or should be a source for optimism. Financially, the city's future is significantly more certain than it was twelve months ago.

The City is a viable economic and political leader. Economic development and business community interest continues. The City has significant citizen, business and political support. It has financial reserves available. With prudent planning, management and leadership, the City will not just survive but should prevail and continue to be the community leader it has been for decades.

This is not to say that there are not difficulties ahead; there are. There is also uncertainty ahead, but the path forward is more defined and is achievable.

### Requests for Information

This financial report is designed to provide a general overview of the City of Ferguson, Missouri's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Director of Finance, City of Ferguson, Missouri, 110 Church Street, Ferguson, MO 63135.

**CITY OF FERGUSON, MISSOURI**  
**RECONCILIATION OF THE STATEMENT OF NET POSITION**  
**OF GOVERNMENTAL FUNDS TO THE BALANCE SHEET**  
**AS OF JUNE 30, 2016**

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance per balance sheet	\$ 8,335,170
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	36,027,335
Receivables not collected in the current period are not available to pay current expenditures and, therefore, are deferred in the funds.	734,903
The difference between the pension liability and the net position of the plan is an asset on the statement of net position. Since this does not provide current financial resources it is not an asset to the funds.	(126,973)
Certain items related to the pension plan are recorded as deferred inflows of resources and deferred outflows of resources in the statement of net position. They do not affect current financial resources and are therefore not reported in the fund statements.	1,276,344
Interest on long-term debt is accrued as a liability in the government-wide statements, but is not recognized in the government funds until due.	(152,954)
Certain long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds.	
Long-term liabilities at year-end consist of:	
Net other post employment benefit obligation	(77,239)
Accrued compensated absences	(559,016)
Deferred items on refunding	38,393
Outstanding debt, including premiums	<u>(18,941,390)</u>
Net position of governmental activities	<u><u>\$ 26,554,573</u></u>

The accompanying notes are an integral part of these financial statements.

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND  
 CHANGES IN FUND BALANCES OF GOVERNMENTAL  
 FUNDS TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED JUNE 30, 2016

Amounts reported for governmental activities in the statement of activities  
 are different because:

Change in fund balance-total governmental funds	\$ (4,333,852)
Revenues that do not provide current financial resources are not included in the fund financial statements.	(256,322)
Acquisition of capital assets requires the use of current financial resources, but has no effect on net position.	1,560,365
The cost of capital assets is allocated over their estimated useful lives and is reported as depreciation expense in the statement of activities.	(2,026,766)
Some expenses do not require the use of current financial resources and, therefore, are not reported as an expenditure in governmental funds:	
Compensated absences	29,484
Net other post-employment benefits obligation	(10,147)
Accrued interest	21,156
Amortization of defered items related to debt	(18,239)
Pension expense	(308,845)
Repayment of bond principal is an expenditure in the governmental funds, and reduces long-term liabilities in the statement of net position.	<u>2,321,009</u>
Change in net position of governmental activities	<u>\$ (3,022,157)</u>

### **NOTES TO FINANCIAL STATEMENTS** **JUNE 30, 2016**

---

#### **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Ferguson, Missouri (the “City”) have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

##### **A. REPORTING ENTITY**

The City was incorporated on November 12, 1894. The City operates under a City Manager/Council, home rule charter form of government. The present Charter of the City was adopted on February 3, 1998. Services provided by the City to its residents include public safety (police and fire protection), street maintenance and improvements, sanitation, culture and recreation, public improvements, planning and zoning, and general governmental services.

The City defines its financial reporting entity in accordance with provisions established by GASB. GASB requirements for inclusion of component units are primarily based upon whether the City's governing body has any significant amount of financial accountability for potential component units (PCU). The City is financially accountable if it appoints a voting majority of a PCU's governing body and is able to impose its will on that PCU, or there is a potential for the PCU to provide specific financial benefits to, or impose specific financial burdens on, the City. Based on these criteria, the City has determined that its financial reporting entity consists of the City (the primary government) and no component units.

##### **Related Organizations**

The City provides limited services to the Ferguson Municipal Public Library District (the “District”). In addition, the City Council appoints all of the members of the District's Board of Directors. The City's accountability for this entity does not extend beyond these responsibilities.

The Ferguson Neighborhood Improvement Program (“FNIP”), a not-for-profit corporation established to assist in the rehabilitation and restoration of housing and residential properties in the City, is considered a related party. The FNIP Board of Directors is appointed by the City Council. The City's accountability for this entity does not extend beyond these responsibilities.

Neither organization is included as a component unit within the City's financial reporting entity.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### **Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. The effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those which are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are reported in one column.

#### **B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Fiduciary fund financial statements use the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period, or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue in the current fiscal period. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments and compensated absences, are recorded only when payment is due (i.e., matured).

The City reports the following major governmental funds:

**General Fund** - The General Fund is the primary operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.

**Parks Fund** - The Parks Fund is used to account for taxes levied on all property within the City for the purpose of providing public park facilities and to account for expenditures for recreational and park purposes and for revenues derived from recreational program fees. The Parks Fund is also used to account for the 1/2 cent *Park and Stormwater Sales Tax* that was approved by voters in November 2004. In adopting the legislation locally and placing the measure before the voters of the City, the Ferguson City Council chose to use the 1/2 cent sales tax strictly for parks operations and improvement purposes.

**Capital Improvements Sales Tax Fund** - The Capital Improvements Sales Tax Fund is used to account for the 1/2 cent capital improvements sales tax approved by voters in 1994. In addition, the City issued Variable Rate Capital Improvement Bonds to fund various capital improvements throughout the City. The funds received from these bonds were expended out of this fund.

Additionally, the City reports the following fund types:

**Pension Trust Fund** - The Pension Trust Fund accounts for the activities of the City's single employer pension plan, which accumulates resources for pension benefit payments to qualified plan participants.

**Court Bond Agency Fund** - The Agency Fund is used to account for monies received from private individuals for cash bonds.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### **C. CASH, CASH EQUIVALENTS, AND INVESTMENTS**

Cash and cash equivalents include amounts in demand and non-negotiable time deposits, as well as short-term investments with a maturity date within three months of the date acquired.

The City is authorized to invest in U.S. Treasury securities, U.S. Agency securities, repurchase agreements, collateralized bank certificates of deposit, bankers' acceptances issued by domestic commercial banks and commercial paper issued by domestic corporations. In addition, the Pension Trust Fund is authorized to invest in corporate bonds and stocks. Investments are recorded at fair value.

Investments are reported at fair value. The market value for exchange traded securities is the price at which the security is traded. For non-exchange traded securities, the market value is the estimated value of the assets. Prices are obtained from various pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value.

#### **D. RESTRICTED CASH AND INVESTMENTS**

Cash and investments that are restricted for debt service payment and future capital expenditures are classified as restricted assets on the balance sheet because their use is limited by applicable debt covenants. In addition, unspent proceeds from the issuance of bonds are reported as restricted assets on the balance sheet.

#### **E. CAPITAL ASSETS**

Capital assets, which include property, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. In general, capital assets are defined by the City as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation. Infrastructure acquired prior to implementation of GASB 34 is not been reported in the financial statements.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset or group of assets are not capitalized.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

Depreciation is computed on the straight-line method, using the following asset lives:

Assets	Years
Buildings	20 - 40
Improvements other than buildings	10 - 15
Machinery and equipment	5 - 10
Motor vehicles	3 - 20
Infrastructure	15 - 30

### F. INVENTORIES AND PREPAID ITEMS

Inventories consist of expendable supplies held for consumption and are recorded as assets when purchased and expended when consumed. These inventories are stated at cost using the first-in, first out method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The City has adopted the consumption method of accounting for prepaid items. That is, the asset is recorded when the payments to vendors are made, and the expenses are amortized in the appropriate accounting period.

### G. COMPENSATED ABSENCES

Under terms of the City's personnel policy, employees are granted vacations based on length of service. Vacations accrue on January 1 of each year and must be taken within the same year as accrued. Compensatory time is available to all non-exempt employees at the rate of 1.5 hours for each overtime hour worked. Accrual of compensatory time is limited to a maximum of 240 hours, except that public safety, emergency response and seasonal employees are limited to a maximum of 480 hours. Upon termination, employees are paid for unused vacation and compensatory time. Sick leave is accumulated based upon length of service and is available only to provide compensation during periods of illness. No portion of accrued sick leave is payable to the employee upon termination and, therefore, is not reflected as a liability. Employees had accumulated earned vacation and compensatory time aggregating \$559,016 at June 30, 2016, which has been recorded as a liability in the statement of net position.

### H. DEFERRED REVENUE

Deferred revenue arises when assets are received before revenue recognition criteria have been satisfied. Certain grants received before eligibility criteria have been met and payments received in advance for recreational activities are reported as deferred revenue. In governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### I. LONG-TERM LIABILITIES

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Debt premiums and discounts are deferred and amortized over the life of the debt using the straight-line method. Long-term debt is reported net of the applicable debt premium or discount and deferred amounts on refunding.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### J. GOVERNMENTAL FUND BALANCES

In the governmental fund financial statements the following classifications are used to define the governmental fund balances:

Nonspendable - This consists of the governmental fund balances that are not in spendable form or are legally or contractually required to be maintained intact. The City's nonspendable fund balances as of June 30, 2016 consist of prepaid items and inventory.

Restricted - This consists of the governmental fund balances that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. At June 30, 2016, the City's restricted fund balances include amounts restricted for parks operations and capital expenditures, capital projects, debt service, Downtown TIF and sewer lateral.

Committed - This consists of the governmental fund balances that can only be used for specific purposes pursuant to constraints imposed by formal action (resolution) of the City Council, the City's highest level of decision-making authority. The City has no committed fund balances as of June 30, 2016.

Assigned - This consists of the governmental fund balances that are intended to be used for specific purposes as authorized by the City Council. At June 30, 2016, the City's assigned fund balances include amounts assigned to the Special Business District Fund.

Unassigned - This consists of the governmental fund balances that do not meet the definition of "nonspendable," "restricted," "committed," or "assigned." The General Fund is the only fund that reports a positive unassigned fund balance amount. Unassigned balances also include negative balances in the governmental funds reporting resources restricted for specific programs.

## **CITY OF FERGUSON, MISSOURI**

### **Notes to Financial Statements (continued)**

---

When restricted and other fund balance resources are available for use, it is the City's policy to use restricted resources first, followed by committed, assigned, and unassigned amounts, respectively. Funds are assigned by the Council, as they are developed or created.

#### **K. NET POSITION**

In government-wide financial statements, net position is reported in three categories: net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets represents capital assets less accumulated depreciation, outstanding principal on related debt and unspent proceeds of capital debt. Restricted net position represents net position restricted by parties outside of the City (such as creditors, grantors, contributors and laws and regulations of other governments). All other net position is considered unrestricted. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### **L. INTERFUND TRANSACTIONS**

Interfund transfers were used to 1) move revenues from the fund in which that ordinance or budget requires to collect them to the fund that ordinance or budget requires to expend them, or 2) reimburse other funds for debt service payments or services.

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due (to) from other funds" in the governmental fund financial statements.

#### **M. USE OF ESTIMATES**

The preparation of basic financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

#### **N. ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS**

Based on management's analysis, it believes the City has made sufficient allowances for uncollectable accounts receivable totaling approximately \$297,891.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### O. PENSION

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of The City of Ferguson Pension Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### 2. CASH AND INVESTMENTS

Cash and investments as of June 30, 2016 consist of the following:

	Type	Amount
<b>General government:</b>		
Deposits:		
Cash on hand	\$ 3,099	
Demand deposits	<u>2,179,424</u>	
	<u>2,182,523</u>

Cash and investments - Agency Fund	<u>17,219</u>	
<b>Total Deposits and Investments</b>	<u>\$ 31,818,665</u>	

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### Investments Authorized by the City's Investment Policy

The table below identifies the investment types that are authorized by the City's investment policy. Debt proceeds held by bond trustees are invested in accordance with the provisions of the trust indentures. The City's investment policy does not apply to Pension Trust Fund investments.

<b>Authorized Investments</b>	<b>City Policy</b>	<b>Legal Limit</b>
United States Treasury securities		None
United States Agency securities		60%
United States Agency callable securities		30%
Repurchase agreements		50%
Money market mutual funds		None
Certificates of deposit		None
Commercial paper		30%
Bankers' acceptances		30%

#### Interest Rate Risk

The City's investment policy states that the City will minimize interest rate risk, the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:

1. Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
2. Investing operating funds primarily in shorter-term securities.

### Credit Risk

The City's investment policy states that the City will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:

1. Pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the City will do business.
2. Diversifying the portfolio so that potential losses on individual securities will be minimized.

The credit quality ratings, as established by nationally recognized statistical rating organizations (Standard and Poor's or Moody's), of the City's investments as of June 30, 2016, are provided in the table above.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### **Custodial Credit Risk**

For investments, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. In accordance with its policy, the City addresses custodial credit risk by prequalifying institutions with which the City places investments, diversifying the investment portfolio and maintaining a standard of quality for investments.

For deposits, custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution or by a single collateral pool established by the financial institution. The City's policy requires a depository contract with each safekeeping bank that complies with the Financial Institutions Reform, Recovery and Enforcement Act of 1989. This will ensure the City's security interest in collateral pledged to secure deposits is enforceable against the receiver of a failed institution.

#### **Concentration of Credit Risk**

According to the City's investment policy, the City's investments will be diversified to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer or a specified class of security. Concentration of credit risk is required to be disclosed by the City for investments in any one issuer that represent 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). At June 30, 2016, neither the Pension Trust Fund nor the governmental activities have any investments subject to this disclosure.

### **3. PROPERTY TAX**

Property taxes are levied in November of each year based on the assessed value of all real and personal property located within the City's corporate boundaries, as of the previous January 1. Property taxes are due and collectible on December 31 and attach as an enforceable lien on property as of the following January 1. Assessed values are established by the St. Louis County Assessor, subject to review by the County's Board of Equalization and appeal to the State Tax Commission. The total assessed valuation of the City at January 1, 2015, upon which the 2015 tax levy was based, for real, personal, and public utility property was \$171,163,708. The 2015 tax levy is collected in the City's 2016 fiscal year.

The City is permitted by Missouri state statutes to levy taxes up to \$1.00 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on long-term debt, and in unlimited amounts for the payment of principal and interest on long-term debt.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

In April 2011, the City's voters approved Proposition S. This proposition authorized the sale of general obligation bonds to provide funds for the construction of a replacement for the City's Firehouse No. 1 and the levy of an ad valorem tax for the retirement of these bonds. The 2015 tax rates per \$100 of assessed value are as follows:

Property Type	General Fund	Parks Fund	GO Bond Fund
Residential	\$ 0.8000	\$ 0.2000	\$ 0.3280
Agricultural	0.5970	0.2000	0.3280
Commercial	0.8000	0.2000	0.3280
Personal Property	0.8000	0.1980	0.3280

Property taxes are billed, collected, and remitted to the City by the St. Louis County Collector of Revenue.

#### **4. INTERFUND BALANCES**

Due (to) from other funds as of June 30, 2016 are as follows:

Fund	Due From	Due To
General	\$ 221,626	\$ 1,258,830
Parks	310,882	421,051
Capital Improvements Sales Tax	1,267,064	137
Nonmajor	349,590	254,421
Pension Trust	-	214,723

Interfund balances are the result of short-term advances between funds due to the timing of receipts and disbursements.

The following net transfers were made during the fiscal year ended June 30, 2016

Fund	Transfer In	Transfer Out
General	\$ 241,937	\$ -
Parks	-	935,107
Capital Improvements Sales Tax	104,395	-
Nonmajor	588,775	-

## **CITY OF FERGUSON, MISSOURI**

#### 5. CAPITAL ASSETS

For the year ended June 30, 2016, capital asset activity was as follows:

	<b>BALANCE, BEGINNING OF YEAR</b>	<b>ADDI- TIONS</b>	<b>DEDUC- TIONS</b>	<b>BALANCE, END OF YEAR</b>
<b>Governmental activities:</b>				
Capital assets, not being depreciated				
Land	\$ 3,836,842	\$ -	\$ -	\$ 3,836,842
Construction in process	196,781	730,844	137,470	790,155
<b>Total capital assets</b>				
<b>Not Being Depreciated</b>	<u>4,033,623</u>	<u>730,844</u>	<u>137,470</u>	<u>4,626,997</u>
Capital assets being depreciated:				
Buildings and improvements	32,720,393	363,747	-	33,084,140
Machinery and equipment	2,138,870	-	-	2,138,870
Motor Vehicles	5,770,482	465,764	294,588	5,941,658
Infrastructure	11,831,569	137,471	-	11,969,040
<b>Total Capital Assets</b>				
<b>Being Depreciated</b>	<u>52,461,314</u>	<u>966,982</u>	<u>294,588</u>	<u>53,133,708</u>
Less accumulated depreciation for:				
Buildings and improvements	9,264,329	1,217,865	-	10,482,194
Machinery and equipment	1,625,436	168,191	-	1,793,627
Motor Vehicles	3,653,374	363,223	294,588	3,722,009

Series 2013	8,360,000	- (375,000)	7,985,000	385,000	
General Obligation Bonds	6,670,000	- (345,000)	6,325,000	355,000	
Issuance premiums, net	110,660	- 10,560	121,220	-	
<b>Total Bonds and Certificates</b>	<b>19,845,610</b>	<b>- (2,114,440)</b>	<b>17,731,170</b>	<b>1,375,000</b>	
Capital leases payable	1,406,229	- (196,009)	1,210,220	202,596	
Net OPEB obligation	67,092	30,941 (20,794)	77,239	-	
Compensated absences payable	588,290	559,016 (588,290)	559,016	559,016	
<b>Total Governmental Activities</b>	<b><u>\$21,907,221</u></b>	<b><u>\$ 589,957</u></b>	<b><u>\$(2,919,533)</u></b>	<b><u>\$19,577,645</u></b>	<b><u>\$2,136,612</u></b>

<b>Debt Issue</b>	<b>Payer Fund</b>
Variable Rate Capital Improvement Bonds and Capital Leases	Capital Improvement Sales Tax Fund
Certificates of Participation	Certificates of Participation Fund Series 2012 by Parks Fund Series 2013 by Downtown TIF and General
General Obligations Bonds	General Obligations Bond Fund

Compensated absences are payable from the fund to which the employee is assigned; approximately 80% through the General Fund with balance from the Parks Fund and Ferguson Special Business District Fund.

#### **Variable Rate Capital Improvement Bonds - Series 2005 and 2006**

On September 1, 2005, the City issued \$2,250,000 in Variable Rate Capital Improvement Bonds, Series 2005. On September 1, 2006, the City issued \$2,750,000 in Variable Rate Capital Improvement Bonds, Series 2006. The purpose of the bonds was to finance the costs of acquiring, constructing, rehabilitating, equipping, and improving certain capital improvement projects. At the same time the bonds were issued, the City executed an interest rate swap agreement, which fixed the City's interest rate at 3.995%. See "Derivative Instrument – Interest Rate Swap" for more information.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

Maturities required on these bonds as of June 30, are as follows:

	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2017	\$ 420,000	\$ 77,904	\$ 497,904
2018	435,000	60,691	495,691
2019	455,000	42,871	497,871
2020	470,000	24,293	494,293
2021	244,950	5,003	249,953
 Total	 \$ 2,024,950	 \$ 210,762	 \$ 2,235,712

### **Certificates of Participation - Series 2012**

On October 1, 2002, the City issued \$3,480,000 in Certificates of Participation - Series 2002, to finance the construction of its new aquatic facility, "Splash at Wabash." On April 4, 2012, the City issued \$2,065,000 in Certificates of Participation Bonds - Series 2012 to refund Series 2002. The proceeds (after underwriting fees and issuance costs) were used to purchase securities for deposit in an irrevocable trust with an escrow agent to provide for future debt service payments on the Series 2002 bonds. As a result, the 2002 Certificates of Participation Bonds are considered defeased and the liability for this debt has been removed from the City's financial statements. Interest on the bonds is paid semiannually on April 1 and October 1 with principal paid annually on October 1. The bonds and the interest thereon are special, limited obligations of the City, payable solely from appropriated funds. The bonds do not constitute a general obligation of the City. Interest rates range from 0.70% to 2.45%.

Maturities required on outstanding certificates as of June 30, are as follows:

	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2017	\$ 215,000	\$ 22,744	\$ 237,744
2018	205,000	19,704	224,704
2019	205,000	16,321	221,321
2020	215,000	12,378	227,378
2021	215,000	7,809	222,809
2022	220,000	2,695	222,695
 Total	 \$ 1,275,000	 \$ 81,650	 \$ 1,356,650

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### **General Obligation Bonds**

On September 15, 2011, the City issued \$8,000,000 of general obligation bonds, Series 2011. The bonds were issued for the purpose of acquiring land and for constructing, furnishing, and equipping a new fire station which will serve as a replacement for its existing Firehouse No. 1. Interest rates range from 2.000% to 3.375%. Interest is paid semi-annually on March 1 and September 1 with principal paid annually on March 1. Debt service on the bonds is paid from an *ad valorem* tax levy and supported by the full faith and credit of the City.

Maturities required on these bonds as of June 30, are as follows:

	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2017	\$ 355,000	\$ 170,875	\$ 525,875
2018	360,000	163,775	523,775
2019	370,000	156,575	526,575
2020	375,000	149,175	524,175
2021	385,000	140,738	525,738
2022	395,000	132,075	527,075
2023	405,000	122,200	527,200
2024	415,000	112,075	527,075
2025	425,000	101,700	526,700
2026	440,000	88,950	528,950
2027	450,000	75,750	525,750
2028	465,000	62,250	527,250
2029	480,000	48,300	528,300
2030	495,000	33,300	528,300
2031	510,000	17,213	527,213
 Total	 \$ 6,325,000	 \$ 1,574,950	 \$ 7,899,950

#### **Certificates of Participation – Series 2013**

On January 30, 2013, the City issued \$9,055,000 of certificates of participation bonds - Series 2013. The bonds were issued for the purpose of acquiring land and buildings for a new community center and the renovation of these buildings and for renovation and additions to the building currently housing the police department. Interest rates range from 2.000% to 3.125%. Interest is paid semi-annually on March 1 and September 1 with principal paid annually on March 1. Debt service on the bonds is paid from “earmarked” revenues of both the General and Downtown TIF Funds. The bonds and the interest thereon are special, limited obligations of the City, payable solely from appropriated funds. The bonds do not constitute a general obligation of the City.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

Maturities required on these bonds as of June 30, are as follows:

	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2017	\$ 385,000	\$ 216,428	\$ 601,428
2018	390,000	208,728	598,728
2019	400,000	200,928	600,928
2020	410,000	192,928	602,928

2033	<u>585,000</u>	<u>18,281</u>	<u>603,281</u>
 Total	 \$ 7,985,000	 \$ 2,236,765	 \$ 10,221,765

### **Capital Leases**

In April 2008, the City entered into a lease/purchase agreement with First Municipal Leasing Corporation (FMLC) to finance the purchase of two fire trucks. The equipment was recorded as a capital asset in the Governmental Activities at a cost of \$1,171,967 and has accumulated depreciation of \$439,487 as of June 30, 2016. The lease is recorded in the government-wide statement of net position and is serviced by the Capital Improvement Sales Tax Fund. Payments are made quarterly and include principal and interest.

In September 2014, the City entered into a lease/purchase agreement with U.S. Bankcorp Government Leasing and Finance, Inc. (U.S. Bankcorp) to finance the purchase of certain energy efficiency improvements to City Hall, Police Station, and Fire Stations, as well as street lighting. The equipment was recorded as a capital asset in the Government Activities at a cost of \$1,086,316 and has accumulated depreciation of \$81,474 as of June 30, 2016

The leases are recorded in the government-wide statement of net position and are serviced by the Capital Improvement Sales Tax Fund. Payments are made semi-annually and include principal and interest.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

The following is a summary of the City's capital lease agreements as of June 30, 2016:

Lessor	Interest Rate	Maturity	Annual Payment	Balance
FMLC	3.55%	December 2017	\$ 146,624	\$ 213,263
CTS	2.79%	September 12, 2029	89,229	996,957

As of June 30, future minimum lease payments under the capital lease described above are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2017	\$ 235,853
2018	162,541
2019	89,229
2020	89,229
2021	89,229
Thereafter	<u>758,449</u>
Total minimum lease payments	1,424,531
Portion representing interest	<u>(214,311)</u>
Net present value	<u>\$ 1,210,220</u>

### **Derivative Instrument - Interest Rate Swap**

The City has entered into a pay-fixed, receive-variable interest rate swap.

(1) *Objective of the swap.* In an effort to fix its borrowing costs, the City entered into an interest rate swap in connection with the \$5,000,000 Series 2005 and Series 2006 variable rate capital improvement bonds. The swap is intended to hedge exposure to interest rate risk.

<b>Classification</b>	<b>Changes in Fair Value Amount</b>	<b>Fair Value at June 30, 2016</b>	
		<b>Classification</b>	<b>Amount</b>
<b>Governmental Activities</b>			
Cash Flow Hedge		Derivative	
Pay-Fixed Interest	Deferred	Instrument	
Rate Swap	Outflows	Liability	\$ (136,555)
	\$ 36,573		

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

(2) *Terms, fair values, and credit risk.* The objective and terms, including the fair values and credit ratings, of the City's hedging derivative instrument outstanding as of June 30, 2016, are as shown below. The notional amount of the swap matches the principal amounts of the associated debt. The City's swap agreement contains scheduled reductions to outstanding notional amounts that are expected to approximately follow scheduled or anticipated reductions in the associated bonds payable category. Under the swap, the City pays the counterparty a fixed payment and receives a variable payment computed according to the London Interbank Offered Rate (LIBOR).

Associated Bond Issue	Hedging Instruments – Governmental Activities
Notional Amounts	\$2,024,950
Effective Date	September 1, 2005
Terms	Pay 3.995%; Receive 60.938% of LIBOR plus 1%
Fair Value	(\$136,555)
Termination Date	September 1, 2020
Counter Party Credit Rating	A2 (Standard and Poor's short term)

(3) *Credit Risk.* At June 30, 2016, the City is not exposed to credit risk on the interest rate swap because it is in a negative fair value or liability position. However, if interest rates change and the fair value becomes positive, the government would have exposure to credit risk in the amount of the derivative's positive fair value.

(4) *Basis Risk.* The City is not exposed to basis risk on the pay-fixed, receivable-variable interest rate swap because the variable-rate interest payments received by the City from the counterparty and the City's variable-rate bonds interest payment are both based on the LIBOR index.

(5) *Interest Rate Risk.* The City is exposed to interest rate risk on the interest rate swap. In regards to the pay-fixed, receive-variable swap, as the LIBOR swap index decreases, the City's net payment on the swap increases.

(6) *Termination Risk.* The City or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If terminated, the variable rate bonds' interest rate risk would no longer be effectively hedged. In addition, if at the time of the termination, the swap has a negative fair value (i.e., in a liability position), the City would be liable to the counterparty for a payment equal to the swap's fair value or liability amount.

(7) *Rollover risk.* The City is not exposed to rollover risk because the maturity dates for the hedged variable-rate bonds and the interest rate swap agreement are the same.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### **7. FAIR VALUE MEASUREMENTS**

The City of Ferguson, Missouri categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The City has the following recurring fair value measurements as of June 30, 2016:

U.S. Treasury Securities, U.S. Government Agency Securities, Common Stock and Corporate Bonds are valued at quoted prices (Level 1).

Negotiable certificates of deposit are valued based upon a matrix formula (Level 2).

Equity Mutual Funds, Fixed Income Mutual Funds and Other Mutual Funds are valued using the net asset value at the close of business each day multiplied the number of shares held by the City at the close of business. (Level 1).

Interest Rate Swap Contacts values are derived from mid-market values and represent the value of the trade from the City's perspective. (Level 2).

#### **8. DEFERRED COMPENSATION PLAN**

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. This Plan, available to all City employees, permits them to defer payment of a portion of their salary to future years. This deferred compensation is not available to plan participants until termination, retirement, death, or unforeseeable emergency.

Investments are managed by the Plan's trustee under one of five investment options, or a combination thereof. The choice of investment options is made by the plan participant.

The Plan has been amended to comply with amendments to Section 457 of the Internal Revenue Code. Trust provisions were incorporated so that plan assets are held in trust for the exclusive benefit of plan participants and their beneficiaries.

#### **9. EMPLOYEE RETIREMENT PLAN**

**Plan Description and Provisions** - The City of Ferguson Pension Plan (the "Plan") is a single-employer, defined benefit retirement and disability plan covering all regular, full-time employees of the City, except the City Manager and Assistant City Manager. UMB Bank NA provides investment advisory, investment safekeeping and transactional support services. The Plan does not issue a separate stand-alone financial report. The Plan's financial information is included as a Pension Trust Fund in the City's financial statements and is accounted for on the accrual basis of accounting. Investments are reported at fair value. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

## CITY OF FERGUSON, MISSOURI

### Notes to Financial Statements (continued)

---

**Benefits Provided** - Employees become eligible for full benefits under the Plan upon retirement following a) the participant's 60th birthday and completion of eight years of credited service with the City or b) the participant's 55th birthday and the sum of the participant's age and years of credited service with the City total at least 82 ½. The Plan permits early retirement when the employee has reached age 55 and completed eight years of credited service, with a benefit reduction of 0.25% for each month that the early retirement date precedes the normal retirement date, which is considered to be when the employee has reached age 60 and completed eight years of credit service. Unused sick leave is added to credited service. Participants are fully vested after eight years of credited service; the Plan does not provide for partial vesting.

Benefits under the Plan are established by ordinance. An employee eligible for full benefits is entitled to a monthly payment of 1.75% of his or her average monthly salary multiplied by the number of years and fractions thereof of credited service. Average monthly salary, for the purpose of computing benefits, is the employee's salary during any 60 out of the last 96 calendar months of employment prior to termination or retirement which yield the highest average. For hourly employees, average monthly salary is computed as the employee's regular hourly rate multiplied by the number of established regular work hours in a year divided by 12.

A health insurance benefit of \$5 per month per year of credited service, up to \$150 is provided, until the retiree becomes Medicare eligible. The Plan also provides a disability benefit calculated in the same manner as pension benefits, with a minimum benefit of \$450 per month, payable until the earlier of death or recovery.

At July 1, 2015, the date of the last actuarial valuation, the Plan covered the following number of participants:

Active participants	126
Retired participants	75
Terminated vested participants	27
Disabled participants	9
Beneficiaries	<u>12</u>
Total Plan Participants	<u>249</u>

**Contributions** - All contributions to the Plan are made by the City. The City contributes an amount equal to the actuarially determined rate, which is based on the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Plan has no unfunded prior service cost required to be covered by the annual contribution. Administrative costs are paid with Plan assets. In the past, contributions to the Plan have come from the General Fund.

## CITY OF FERGUSON, MISSOURI

### Notes to Financial Statements (continued)

---

Annual contributions are computed using the entry age normal actuarial cost method, assuming 7.5% rate of return on Plan assets and 3.25% to 6.75% annual salary increases which includes service based merit increases, and using the Retired Pensioners 2000 Mortality Tables. Benefits are not increased for inflation.

**Investment Policy** - The primary objective of the portfolio is for capital appreciation, with a secondary objective of generating a modest level of income. The investment manager has full discretion to manage the assets of the Plan in accordance with this policy.

**Net Pension Liability** - The City's net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was determined by the actuarial valuation as of that date.

**Actuarial Assumptions** - The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Mortality Rate	RP2000 Mortality Tables, with Blue Collar adjustments, projected to 2020 using scale BB
Investment Rate of Return	7.50%
Projected Salary Increases	3.25% to 6.75% (includes merit component)
Inflation	3.25%

The mortality basis was updated for the July 1, 2015 valuation from the RP2000 tables with no projections to the mortality table mentioned above.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of actuarial experience analysis during the 2005 to 2012 time period. The next assumption review is scheduled for 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation. This is then modified through the Monte-Carlo simulation process, by which a (downward) risk adjustment is applied to the baseline expected return:

Asset Class	Assumed Allocation	Long-Term Expected Real Return	
Domestic Equity	66 %	5.7	%
Fixed Income – U.S.	30	2.8	
Real Estate	2	4.1	
Cash Equivalents	2	0.8	
Total	<u>100</u> %		

## CITY OF FERGUSON, MISSOURI

### Notes to Financial Statements (continued)

---

**Discount Rate** - The discount rate used to measure the total pension liability was 7.50%. Implicit in the projection of cash flows used to determine the discount rate is the assumption that the City's contributions will continue to be made based on the actuarially determined contributions, and that no future gains or losses will occur (i.e., all experience will be as expected). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### Changes in Net Pension Liability

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Balances as of June 30, 2015	\$ 23,560,839	\$ 24,912,059	\$ (1,351,220)
Changes for the year:			
Service cost	500,687	-	500,687
Interest	1,744,263	-	1,744,263
Differences between expected and actual experience	(734,177)	-	(734,177)
Contributions - employer	-	547,500	(547,500)
Net investment income	-	148,466	(148,466)
Changes in assumptions	578,658	-	578,658
Benefit payments, including refunds	(1,322,238)	(1,322,238)	-
Administrative expense	-	(84,728)	84,728
Net Changes	<u>767,193</u>	<u>(711,000)</u>	<u>1,478,193</u>
Balances as of June 30, 2016	<u>\$ 24,328,032</u>	<u>\$ 24,201,059</u>	<u>\$ 126,973</u>

Plan fiduciary net position as a percentage of the total pension liability is 99.5%.

### Sensitivity Of The Net Pension Liability

The following presents the net pension liability of the City, calculated using the discount rate of 7.50%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.50%) or 1 percentage-point higher (8.50%) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
City's net pension liability	\$ 2,839,155	\$ 126,973	\$ (2,207,455)

### Pension Expense And Deferred Outflows of Resources and Deferred Inflows Of Resources Related to the Pension

For the year-ended June 30, 2016, the city recognized pension expense of \$856,345. At June 30, 2016, the City reported deferred outflow of resources and deferred inflows of resources related to the Pension Plan from the following:

## CITY OF FERGUSON, MISSOURI

### Notes to Financial Statements (continued)

---

	Deferred Outflow of Resources	Deferred Inflow of Resources
Differences between expected and actual experience	\$ -	\$ 951,215
Changes in assumptions	495,993	-
Net differences between projected and actual earnings on pension plan investments	1,731,566	-
Total	<u>2,227,559</u>	<u>\$ 951,215</u>

The deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2017	\$ 387,182
2018	387,182
2019	387,180
2020	266,538
2021	(75,871)
After 2021	(75,867)

**Investment Policy** - The following asset allocations serve as a guideline for the investment objective in the Plan:

Asset Class	Minimum	Maximum	Target Allocation
Equities	45%	70%	65%
Fixed income	30	50	30
High Yield	0	5	2.5
Cash	0	5	2
Other	1	5	5

**Concentration** - The Pension Trust does not have any investments that makes up more any 5% of total assets in the trust.

**Rate of Return** - For the year ended June 30, 2016, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 0.6%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### **10. OTHER POST EMPLOYMENT BENEFITS (OPEB)**

**Plan Description and Provisions** - The City of Ferguson has a single-employer other post-employment plan that provides its retirees with access to healthcare (medical and dental). The retiree must pay the full premium of such coverage, but the employer is responsible for any implicit subsidy arising from actual claims being higher than premium amounts. Employees become eligible for other post-employment benefits on the first day of the month following their retirement or disability. The Plan does not issue a separate stand-alone financial report. Benefits under the Plan are established by ordinance and may be changed by the passage of an ordinance. The City funds these benefits on a pay as you go basis. Since other post-employment benefits are merely an implicit subsidy and not a direct expenditure of the City, funds used to pay for these benefits are paid out of any fund that incurs health insurance benefit costs. The most significant cost is out of the General Fund.

As of the date of the last actuarial valuation, July 1, 2015, the Plan covered the following number of participants:

Active participants	127
Retirees and beneficiaries currently receiving benefits	<u>8</u>
Total Plan Participants	<u><u>135</u></u>

Tri-annual valuations are performed using the Entry Age Normal Actuarial Cost Method, with a 30 year level dollar amortization (24 years remaining as of June 30, 2016), assuming 3.5% rate of return, 2.75% - 6.25% annual salary increases, 3.25% inflation rate, and using the RP2000 Mortality Table (projected to 2015 with Scale BB). The initial health care cost trend rate is 7%, with an ultimate rate of 4.25%. The unfunded actuarial accrued liability is amortized over a closed period of 30 years (24 remaining as of July 1, 2015).

#### Net OPEB Obligation

The City's annual other post-employment benefit cost of the current plan year is as follows:

Annual required contribution	\$ 32,630
Interest on net benefit plan obligation	2,348
Adjustment to annual required contribution	<u>(4,037)</u>
Annual OPEB cost	30,941
Contribution made	<u>(20,794)</u>
Increase in net benefit plan obligation	10,147
Net OPEB obligation - Beginning of year	<u>67,092</u>
Net OPEB obligation - End of year	<u><u>\$ 77,239</u></u>

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

#### Trend Information - Other Post-Employment Benefits

The City's annual OPEB cost, the percentage of OPEB cost contributed to the OPEB plan, and the net OPEB obligation for the three years ended June 30, 2016 are as follows:

<u>Year Ended June 30</u>	<u>Annual OPEB Cost</u>	<u>Percentage Contributed</u>	<u>Net OPEB Obligation</u>
2016	\$ 30,941	67.2 %	\$ 77,239
2015	36,942	70.5	67,092
2014	41,171	59.7	56,205

**Funded Status and Funding Progress** - As of July 1, 2015, the most recent actuarial valuation available, the Plan was 100% funded. The actuarial accrued liability for benefits was \$330,693, and the actuarial value of assets was \$-0-, resulting in an unfunded actuarial accrued liability (UAAL) of \$330,693. The covered payroll (annual payroll of active employees covered by the plan) was \$6,354,085 and the ratio of the UAAL to the covered payroll was 5.2%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress is presented as RSI following the notes to the financial statements.

**Actuarial Methods and Assumptions** - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

### **11. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters.

The City, along with over 900 public entities, participates in an insurance trust for health, workers' compensation, and general liability matters called Missouri Public Entity Risk Management Fund (MOPERM). The purpose of the MOPERM is to distribute the cost of self-insurance over similar entities. The MOPERM requires an annual premium payment to cover estimated claims payable and reserves for claims from each entity. The members of the MOPERM have no legal interest in the assets, liabilities or fund balances of MOPERM. However, the City retains a contingent liability to fund its pro rata share of any deficit incurred by the MOPERM should it cease operations at some future date.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

The City purchases commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

### **12. EXCESS OF EXPENDITURES OVER APPROPRIATIONS**

For the year ended June 30, 2016, expenditures exceeded appropriations in the following funds (the legal level of budgetary control).

Fund	Budgeted Appropriation		Expenditures	Expenditures In Excess of Budget
	Original	Final		
Certificates of Participation				
Debt Service Fund	\$ 828,400	\$ 828,400	\$ 830,101	\$ (1,701)

### **13. COMMITMENTS AND CONTINGENCIES**

- A. **Grants** - The City receives financial assistance from numerous federal, state, and local government agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund types. However, in the opinion of management, any such disallowed claims would not have a material effect on the financial statements of the City at June 30, 2016.
- B. **Litigation** - Various claims and legal actions involving the City are presently pending which involve claims made by the City for unpaid tax assessments and other miscellaneous cases. In the opinion of management, the outcome of these legal matters will not have a material effect on the financial statements of the City at June 30, 2016.
- C. **Commitments** - The City has several surface transportation projects in various stages of completion at June 30, 2016. The incomplete aggregate value of these contracts is approximately \$1,000,000.
- D. **Other Contingencies** - The City has agreed to a consent decree (The Decree) with the Department of Justice. The Decree requires the City over the next three years to implement various changes to the City's policing and court operations that will be subject to review by an oversight entity. The cost of implementing these changes will be substantial and will negatively impact the City's financial position for the foreseeable future.

## **CITY OF FERGUSON, MISSOURI**

### Notes to Financial Statements (continued)

---

From time to time, the City is a party to various pending claims and legal actions arising in the ordinary course of its operations. Although the outcome of such matters cannot be forecast with certainty, in the opinion of management, all such matters are adequately covered by insurance, or if not covered, are without merit or involve amounts such that an unfavorable disposition would not have a material effect on the financial statements of the City.

#### **14. CONDUIT DEBT OBLIGATIONS**

On June 16, 2015, the City issued Taxable Industrial Revenue Bonds Series 2015 totaling \$19,000,000 to provide financial assistance to a private-sector entity for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are collateralized by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the state, nor any political subdivision thereof, is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying general purpose financial statements. The aggregate principal maturities of outstanding bonds at June 30, 2016 were \$14,870,974.

#### **15. SUBSEQUENT EVENTS**

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through December 13, 2016, the date the financial statements were available to be issued.

In August 2016, the City's voters approved an increase in the City's Utility Business License Tax. It was increased from 6% to 8%. This tax is applied to utility charges for the following utility services: gas, electric, water and telecommunications consumed in the City.

#### **16. RECENT ACCOUNTING PRONOUNCEMENTS**

The effect on the City's financial statements of the following statements issued, but not yet adopted, has not yet been determined.

This report does not incorporate GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, GASB Statement No. 77, Tax Abatement Disclosures, GASB Statement No. 78, Pensions Provided through Certain Multiple Employer Defined Benefit Pensions plans and GASB Statement No. 79, Certain External Investment Pools and Pool Participants. The City will adopt and implement these statements at the required time.

2015	-	330,693	330,693		-	6,354,085	5.2

The historical trend information about the Plan is presented to help the user assess the Plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due and make comparisons with other entities.

Note: Fiscal year ending June 30, 2009 was the first year the City implemented GASB Statement No. 45. Information for prior years is not available.

**SCHEDULE OF EMPLOYER CONTRIBUTIONS**

Year Ended June 30,		Annual OPEB Cost	Employer Contribution	Percentage Contributed
2010	\$	24,126	\$ 16,088	66.7 %
2011		27,185	17,484	64.3
2012		25,610	19,500	76.1
2013		35,156	29,046	82.6
2014		41,171	24,578	59.7
2015		36,942	26,055	70.5
2016		30,941	20,794	67.2

Note: Since the City does not accumulate assets to pay other post retirement benefits the Employer contribution is an estimate of the implicit subsidy.

**CITY OF FERGUSON, MISSOURI**  
**REQUIRED SUPPLEMENTAL INFORMATION**  
**NOTE TO BUDGETARY COMPARISON INFORMATION**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Budgets are prepared on a basis consistent with GAAP, except that encumbered amounts are treated as expenditures for budgetary purposes. Annual appropriated budgets are adopted for the General, Park, Capital Improvements Sales Tax Capital Projects Funds, Special Business District Special Revenue, Sewer Lateral Special Revenue, Downtown TIF Redevelopment Special Revenue, Halls Ferry TIF Bonds, Certificates of Participation Bonds, and General Obligation Bonds Funds. The City does not prepare a budget for the North Park Redevelopment TIF Fund.

Prior to March 1 of each year, all departments of the City submit requests for appropriations to the City Manager. After review of these requests, the proposed annual operating budget is prepared by fund, function, and department.

Before May 1st the proposed budget is submitted to the City Council for review. The City Council holds multiple worksessions and at least one public hearing and may add to, subtract from, or change appropriations. Prior to June 30 of each year, the Council adopts by resolution the budget, as revised, for the fiscal year beginning the following July 1.

Legal budgetary control is at the departmental level. Any transfers of budgeted amounts from one department to another require the approval of the City Council. Funds are appropriated in the General Fund budget for general contingencies in an amount not to exceed 5 percent of the operating budget. Transfers for unplanned expenditures may be made from the contingency account to departmental budgets with City Manager approval. Budgeted amounts are as originally adopted or as amended by the City Council or City Manager, as appropriate. Supplemental appropriations were made to cover large unanticipated items.

## **CITY OF FERGUSON, MISSOURI**

### **STATISTICAL SECTION**

This part of the City of Ferguson, Missouri's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

#### **Revenue Capacity**

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### **Demographic and Economic information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: The City implemented the requirements of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions in 2011.

(1) In fiscal year 2011, a prior period adjustment was made which increased the fund balance of capital projects funds by \$385,405.

(2) In fiscal year 2013, the City reached the conclusion that its Parks Fund's fund balance is not assigned, but instead, is restricted by statute and, accordingly, was previously incorrectly classified. Restatement of restricted fund balances for the two fiscal years ended June 30, 2012 and 2011 has been made. Those amount are \$1,227,163 (2012) and \$1,110,458 (2011), respectively.

Notes:

- (1) Details regarding the City's outstanding debt can be found in the notes to the financial statements.
- (2) On September 12, 1997 the City issued tax increment bonds for the Crossings at Halls Ferry Redevelopment Project. These bonds were refunded on March 1, 2005, when the City issued \$7,370,000 in TIF bonds to refund the prior bonds.
- (3) On October 3, 2002, the City issued certificates of participation of \$3,480,000 for the new aquatic facility known as the Splash at Wabash.
- (4) In September 2005, the City issued \$2,250,000 in variable rate capital improvement bonds. The purpose of the bonds is to finance the cost of acquiring, constructing, rehabilitating, equipping, and improving certain capital improvement projects. On September 1, 2006, the city issued an additional \$2,750,000.
- (5) Leases with various lessors for fire trucks and infrastructure improvements.
- (6) In September 2011, the City issued \$8,000,000 in general obligation bonds. The purpose of the bonds is to finance the cost of acquiring, constructing, and equipping a new firehouse.
- (7) See table entitled "Demographic and Economic Statistics" for personal income and population data.
- (8) On January 30, 2013, the City issued \$9,055,000 of certificates of participation bonds - Series 2013. The bonds were issued for the purpose of acquiring land and buildings for a new community center and the renovation of these buildings and for renovation and additions to the building currently housing the police department.
- (9) All amounts rounded to the nearest \$1,000, except for percent and per capita.
