**PUBLIC HEARING** - Proposed Property Tax Rates

De'Carlton Seewood, Assistant to the City Manager, presented and gave an overview of the Proposed Property Tax Rates for 2004. Mr. Seewood explained that Bill No. 6693 on the Agenda will set the Property Tax Rates for 2004. He explained that the State Statutes require the tax rates for the General and Park funds be calculated to produce essentially the same revenue as last year with an allowance for increases in the CPI (2.3%), new construction, and increases in personal property assessments, up to the maximum rate authorized by voters. The recommended Property tax rates are as follows: Residential 0.634; Agricultural 0.644; Commercial 0.642; and Personal Property 0.648. The set rates must be submitted to the State Auditor's office for certification, and the tax rate ordinance must be filed with the County Clerk by August 31<sup>st</sup>, 2004.

Mayor Wegert gave an opportunity for citizens to express their comments, suggestions, or questions with regard to the Proposed Property Tax Rates.

There being no further comments, Mayor Wegert declared the public hearing on the Proposed Property Tax Rates closed at 8:05 p.m.

### **PUBLIC HEARING** - Chapter 49 Zoning Amendment

City Manager, A. J. Krieger explained staff's recommendation for Council to pass Bill No. 6694 an ordinance amending Chapter 49 – Zoning, Section 16.0 DB-2 Downtown Area Business District, by amending Section 16.4 – Special Uses, Subsection G, deleting certain text. The deleting of certain text would remove the wording under G. "Items (1) through (9) and item (12) shall not be allowed if within 1,000 feet from the property of a business within the same NAICS Code Section." This will permit businesses classified as Personal and Laundry Services, a Special Use under 16.4 G., to be located within 1,000 feet from similar businesses via the special use permit process. All other restrictions of this section will remain in force. This restriction may keep viable businesses from locating in the City of Ferguson, even under a Special Use Permit. The removal of this restriction will allow the Plan Commission and City Council to exercise appropriate discretion and make case specific recommendations/decisions. These businesses will still be required to adhere to the Special Use Permit process, leaving the Planning Commission the option of recommending approval with certain restrictions based on review of each case or recommending denial of the permit to the City Council. As with any Special Use Permit, the City Council will have the final decision of approval or denial. This will create more options for redevelopment in the DB-2 zoning area. The Plan Commission unanimously voted to recommend this ordinance.

Mayor Wegert gave an opportunity for citizens to express their comments, suggestions, or questions with regard to the Chapter 49 – Zoning Amendment.

There being no further comments, Mayor Wegert declared the public hearing on the Chapter 49 – Zoning Amendment closed at 8:07 p.m.
