### **PUBLIC HEARING – Revocation of Special Use Permit #2001-164 Greater Grace Church, 3690 Pershall Road**

City Manager, A.J. Krieger explained the City is required to hold a Public Hearing pursuant to Chapter 49. Zoning - *Section 22.5 Revocation of Special Use Permits, (A) the City Council, after a Public Hearing, may revoke a Special Use Permit for any of the following reasons; 22.51. If the Special Use Permit is not put into effect and use by the applicant within six (6) months of the date of its approval.*

Director of Planning and Development, Jennifer Denton, presented Council with background on Special Use Permit #2001-164 which was approved by the City Council on January 23, 2001 with conditions. In November 2004, a Site Plan was submitted to the Department of Planning and Development. Mrs. Denton explained that Greater Grace Church submitted a new Site Plan with substantive changes to the size and location of the building, location of detention/retention facilities, and access and circulation which was not reflected on the original submitted Plan. The Plan submitted was not the Site Plan reviewed by the Plan Commission and ultimately approved by the City Council. The Site Plan does not meet the stipulations required in the Ordinance approving Special Use Permit #2001-164. Staff recommends the revocation of Special Use Permit #2001-164 and recommends consideration of a new Special Use Permit application by the Plan Commission.

City Manager, A.J. Krieger, commented that Staff is not recommending revoking the Special Use to delay construction or that the City does not want the Church built. Staff is recommending revocation because of the material changes to the Site Plan as discussed and of the six-month lapse. Staff needs to be certain what is constructed correspond to the Special Use Permit on file.

A motion was made, seconded and carried to receive into City records, the City of Ferguson Zoning Ordinance, Master Plan, Greater Grace Church Site Plan and Special Use Permit #2001-164.

City Manager, A.J. Krieger explained the Applicant, who is the Petitioner, would apply for a Special Use Permit, the City would review, comment and then offer a recommendation.

Attorney for the applicant, Tim Trynake presented Council with background on the Special Use Permit; the Applicant agrees the Site Plan be amended. The Applicant requested that Council consider an amendment to the Special Use Permit, and explained the predicament a revocation would create for the applicant. If the permit is revoked and for some reason never re-issued the Applicant would have thirty (30) days to appeal. A revocation of the Permit could lead to a default on the loan. Applicant understands that the reason for the revocation is not the passage of time but a means to reconsider the Site Plan.

Applicant, Pastor Jones presented the history of the process over the past years and informed Council he was not aware of any time restrictions.

Joe Lonero – 901 Hudson – had comments and concerns regarding the Special Use Permit and the timeframe involved.

There being no further public comments, Mayor declared the Public Hearing portion closed at 8:25 p.m.
