City of Ferguson
Residential Disabled Parking Space Permit Program

Introduction

Any individual, parent of a child with an eligible disability, or a family member residing full time with an eligible person and who otherwise meets the criteria listed below may apply for a Residential Disabled Parking Space Permit for the residence of the disabled individual.

Eligibility & Application

Each participant must:

1. Be the owner or a tenant of a residential property with frontage to all or part of the street on which the reserved space is requested.
2. Have a valid Missouri placard or license plate for people with disabilities or a Disabled Veteran's license plate in the participant's name.
3. Do not have access to a driveway or an off-street parking space.
4. Be up to date on all taxes paid towards the City of Ferguson.

The City Manager or his designee reserves the right to decide whether to grant an application depending on circumstances in the affected area, even if the application is otherwise complete. Circumstances at the residence, such as, for example, no parking on that side of the street or items such as driveways, fire hydrants, proximity to stop signs or crosswalks may make designating a residential parking space at the specified location impossible or impractical.

After the application is verified and processed, the request will be submitted to the Traffic Commission to be considered for a resolution. Upon the passage of approval from the Traffic Commission, the City Manager will direct the Director of Public Works to establish a parking space in compliance with the requirements of RSMo 301.143.

Note: Approved and established residential disabled parking spaces are not for the exclusive use of the owner or tenant of the residential property that applied for the space. Any other vehicle with a Missouri placard or license plate for people with disabilities or a Disabled Veteran's license plate are allowed to use the space. If another vehicle uses this space, the illegally parked vehicle may receive a ticket with a fine of \$50.00 to \$300.00.

Please call the non-emergency line at **314-522-3100** to report illegal vehicles in a space. Space holders may not park in the designated space when such is prohibited by such things as street cleaning schedules, no parking signs, snow route or emergency evacuation rules issued by the Police or Fire Department, etc. If holders of the permits do not follow the rules of the program, the permit will be revoked, and the designated parking space will be removed.

Appeal

Any person who has been denied a Residential Disabled Parking Space Permit may appeal in writing to the Ferguson Director of Public Works and the Ferguson City Human Right Commission for a fee of \$50.00. The Human Rights Commission will, in turn, forward the appeal to a special panel of the Ferguson Advisory Board Commission within two weeks. The special panel of the Advisory Board of Commission shall have final authority to grant or deny the appeal.
