Description of Work:			

One copy of a site plan showing dimensions and the location of the lot must accompany the permit application.

In all cases where concrete sidewalks exist, the driveway construction must be of concrete, starting from the property line to the street and shall be a minimum of six (6) inches thick. All concrete driveway construction on private property shall be a minimum of four (4) inches thick.

Two (2) Inspections are required: Rough (includes the set-up of forms, depth of slab, and base before pouring concrete) and Final.

Asphalt driveway approaches in the public right-of-way shall have a minimum of six (6) inches of rock base with a minimum of two (2) inches of asphaltic concrete.

By signing this application, I confirm that the information I provided is accurate and I will comply with the Ordinances of the City of Ferguson. I confirm that I have read and fully understand [Chapter 49 Section 26](#) of the Municipal Code of the City of Ferguson, Missouri.
